## EDUCATION

### Rutgers, The State University of New Jersey

Rutgers Business School • GPA: 3.5 • Dean's List Fall 2024-Fall 2025

New Brunswick, NJ

May 2027

- Bachelor's in Business Analytics and Information Technology (BAIT) and Computer Science
- Completed courses in IT Fundamentals, Data Structures, SQL, Software Methodology, Statistical and Regression Methods

### Computer Science and Applied Engineering Academy

Voorhees High School • GPA: 3.7 • National Technical Honors Society

Glen Gardener, NJ

Jun 2023

- Selected as 1 of 25 students for a four-year elite technical program, gaining experience and completing projects in Java, Python, web development, machine learning, data analytics, robotics, networking, and cybersecurity

## PROFESSIONAL EXPERIENCE

### AI Engineer Intern/Co-op

Construction Specialties Group

Lebanon, NJ

Jun 2025 - Present

- Developed a multi-agentic ITSM POC in Microsoft AI Foundry, integrating an MCP server built on Microsoft Graph API for appointment booking alongside SerpAPI, internal documentation, and an ITSM Lakehouse containing over 100 records
- Owned the ideation, design, development, and deployment of a multi-agentic data analytics and visualization application that transformed enterprise data into automated analysis and interactive charts for business users
- Built an HR LLM app in Flask and Copilot, improving employee access to HR policies and internal support information
- Documented AI tools, MCP, and implementation patterns, establishing a framework for future enterprise AI development

### Head Supervisor/IT Support Specialist

Rutgers Office of Information Technology

New Brunswick, NJ

May 2024 - Present

- Lead daily Help Desk operations, supervise 200 consultants, process over 100 tickets daily, and train new consultants
- Troubleshoot and resolve advanced technical issues for students, faculty, and staff through the ServiceNow ticketing system
- Independently managed 10+ critical outages and complex issues during late shifts when operating without higher assistance

### Manager

Kuay Tiew Noodles and More

Somerville, NJ

Oct 2021 - Feb 2025

- Oversaw the day-to-day operations of a busy restaurant and the performance of a group of over 10 front-of-house staff
- Fostered customer relations and effectively handled customer service challenges in a fast-paced, high-pressure environment
- Designed 12 custom pages of specials, lunch, dinner, and take-out menus using Adobe InDesign, Illustrator, and Photoshop

### IT Intern

Voorhees High School

Glen Gardener, NJ

Summer 2023 - 2024

- Reimaged and refurbished over 1,000 laptops/desktops, ensuring device readiness for students/faculty to start the school year
- Diagnosed and repaired student laptop issues, including screen replacements, battery issues, and keyboard installations

## PROJECTS

### Bloomberg Credit Card Churn Analysis • Python, NumPy, Pandas, Seaborn, SciKit-Learn

Spring 2025

- Analyzed and cleansed data while identifying and predicting trends using Python data analytics libraries for a dataset containing credit card and user information during the 2025 Women in Data invitational conference

### FriendZone • Django, Python, NumPy, Pandas, HTML/CSS

Spring 2023

- Developed a full-stack friend matching platform with the Django framework that supported user authentication, algorithmic scoring logic for matchmaking, and a modern UI

## INVOLVEMENT

### Road to Silicon Valley (RSVP)

Rutgers Business School

New Brunswick, NJ

Spring 2024 - Present

- Engaged in a rigorous mentorship and networking program designed to prepare students for roles in tech startups
- Attended major tech/startup conferences, including the Startup Grind Conference in San Francisco in 2024 and 2025

### Girls Who Code

Readington Middle School

Readington Township, NJ

Oct 2021 - Feb 2022

- Led weekly beginner-friendly coding workshops to help 15 middle school girls develop an interest in programming
- Delivered hands-on lessons that broke down Java fundamentals and supported students throughout their learning
